

# Falkirk HSCP: Development of Falkirk HSCP Strategic Plan

10 December 2025

# Falkirk HSCP Strategic Plan

- We are required to produce a Strategic Plan for the local area.
- The Plan should outline the needs and challenges for health and social care in Falkirk and how we intend to address them.
- We want our next plan to be created with the support of our partners, colleagues, and local communities.
- We want to hear your initial thoughts on challenges you recognise in health & social care and how we can engage the sector.

## OUR PRIORITIES FOR THE NEXT 3 YEARS ARE:

### Community-based services

Enhance services to improve the 'flow' through hospital settings, prevent admission, and promote independent living.

### Accessible care

Improve the way people access services – enabling everyone to access the right care, at the right time, in the right place.

### Early intervention & prevention

Minimise the harm of long-term health conditions, ill-mental health, substance use, or neglect through early action.

### Carer support

Assist, inform, and empower unpaid carers to manage their caring role and have a fulfilled life outside of caring.

## THESE PRIORITIES ARE DRIVEN BY 3 WORKSTREAMS:

### Workforce

Recruitment, retention, and celebration of staff across all services.

### Technology

Explore new ways of helping people and delivering services.

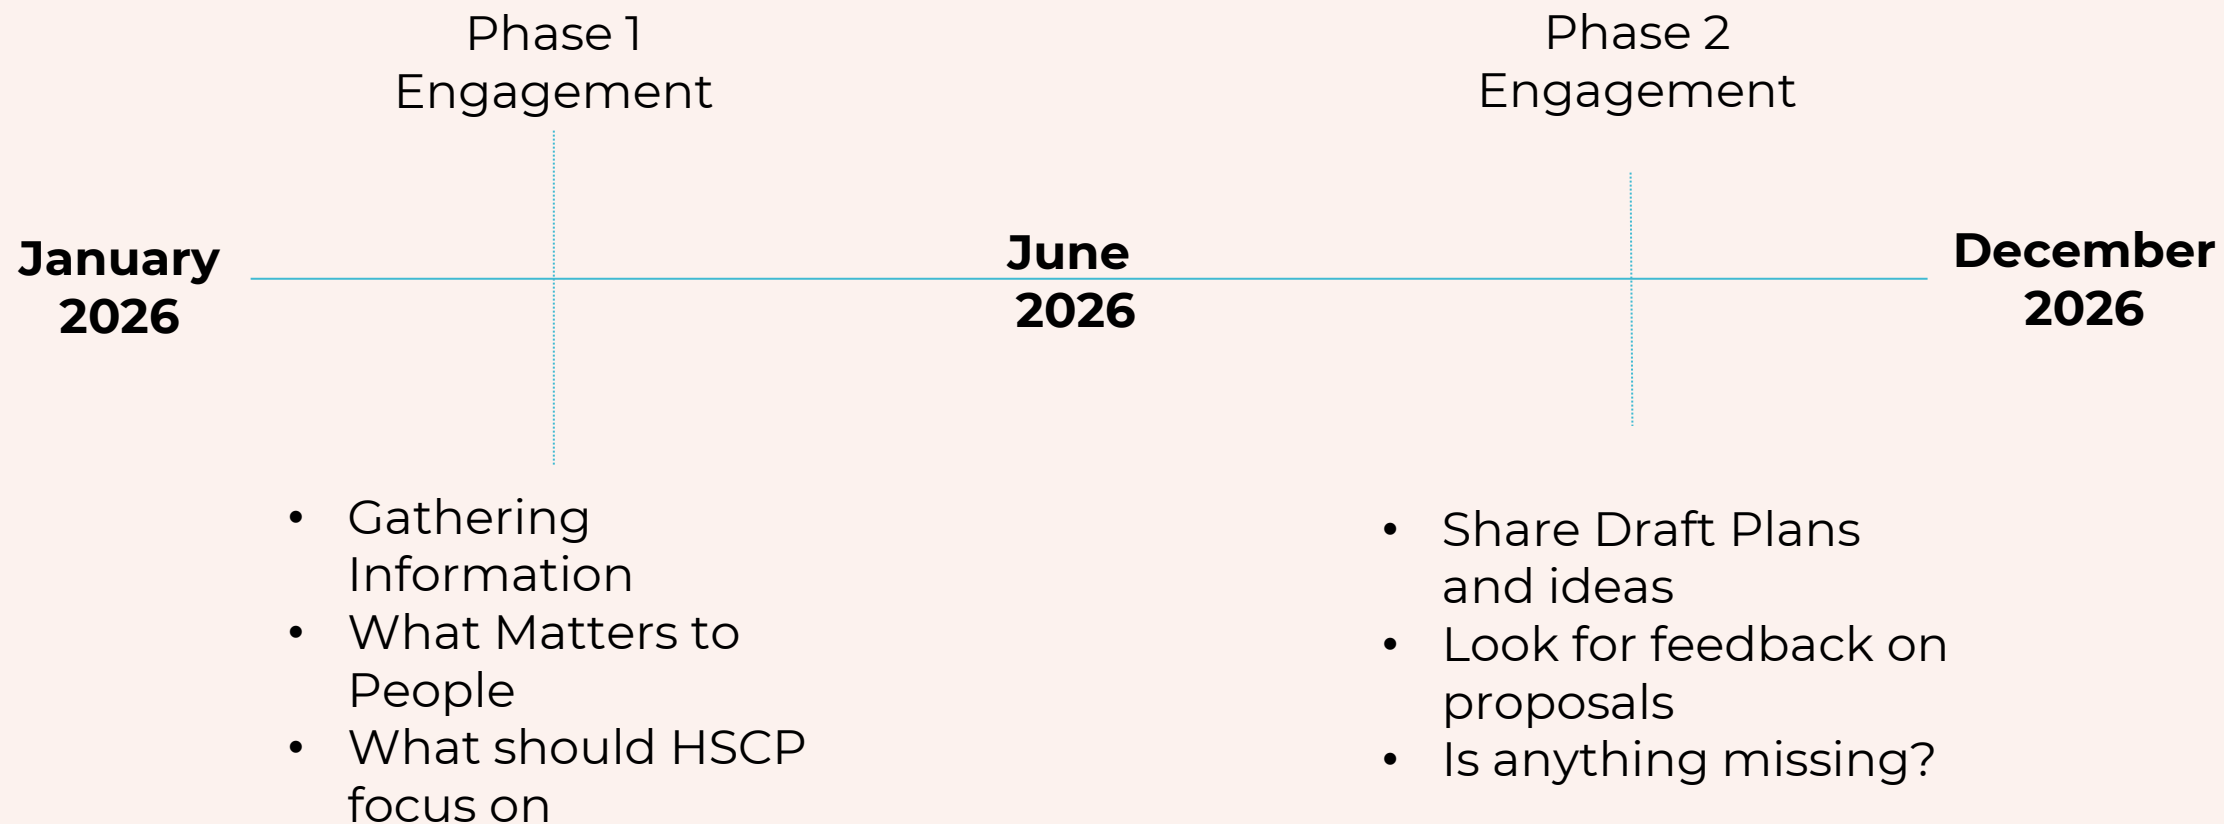

### Communication

Improving engagement, feedback opportunities, and signposting info.

Falkirk HSC Strategic Plan 2023-26: Summary on a Page

# Our Approach (Draft)

# Questions for Today

- 1) What are the biggest challenges you see for health & social care and what areas should be prioritised?
- 2) What opportunities do you see for the third sector to contribute more or differently?
- 3) How can we deliver services more efficiently within limited resources?
- 4) As we plan our engagement approach to develop the Strategic Plan, what would be the best way to engage with you?

# Break-out Rooms

# Next Steps

- Your feedback will inform the early development of these strategic plans.
- There will be ongoing engagement throughout 2026.
- We will review feedback to develop appropriate approaches to engage with third sector as we develop our Strategic Plan.
- Further information on individual consultations will be available on Participate+, Falkirk Council's engagement platform.
- If anyone would like to have a specific conversation or engagement session we can look to arrange this.
