Thank you for  
having me!

# We deliver all food parcels to the client...

1. It helps reduce stigma and is more discreet
2. There is no logistical barrier to getting a parcel – disability, housebound, public transport
3. We can deliver more food, as well as whitegoods and household items

# You need a referral to get a food parcel...

- Redundancy
- Change in hours
- Ill health
- Benefit reduction
- Awaiting new claim
- Debt
- No recourse to public funds due immigration status
- Domestic abuse
- Change in dependents
- Loss of support from family and friends

# We Get To Work

- Donations get weighed
- Use by date gets checked
- Donations stored away
- Food parcels are made up
- Volunteers prepare parcels for delivery
- Drivers load van and deliver parcel

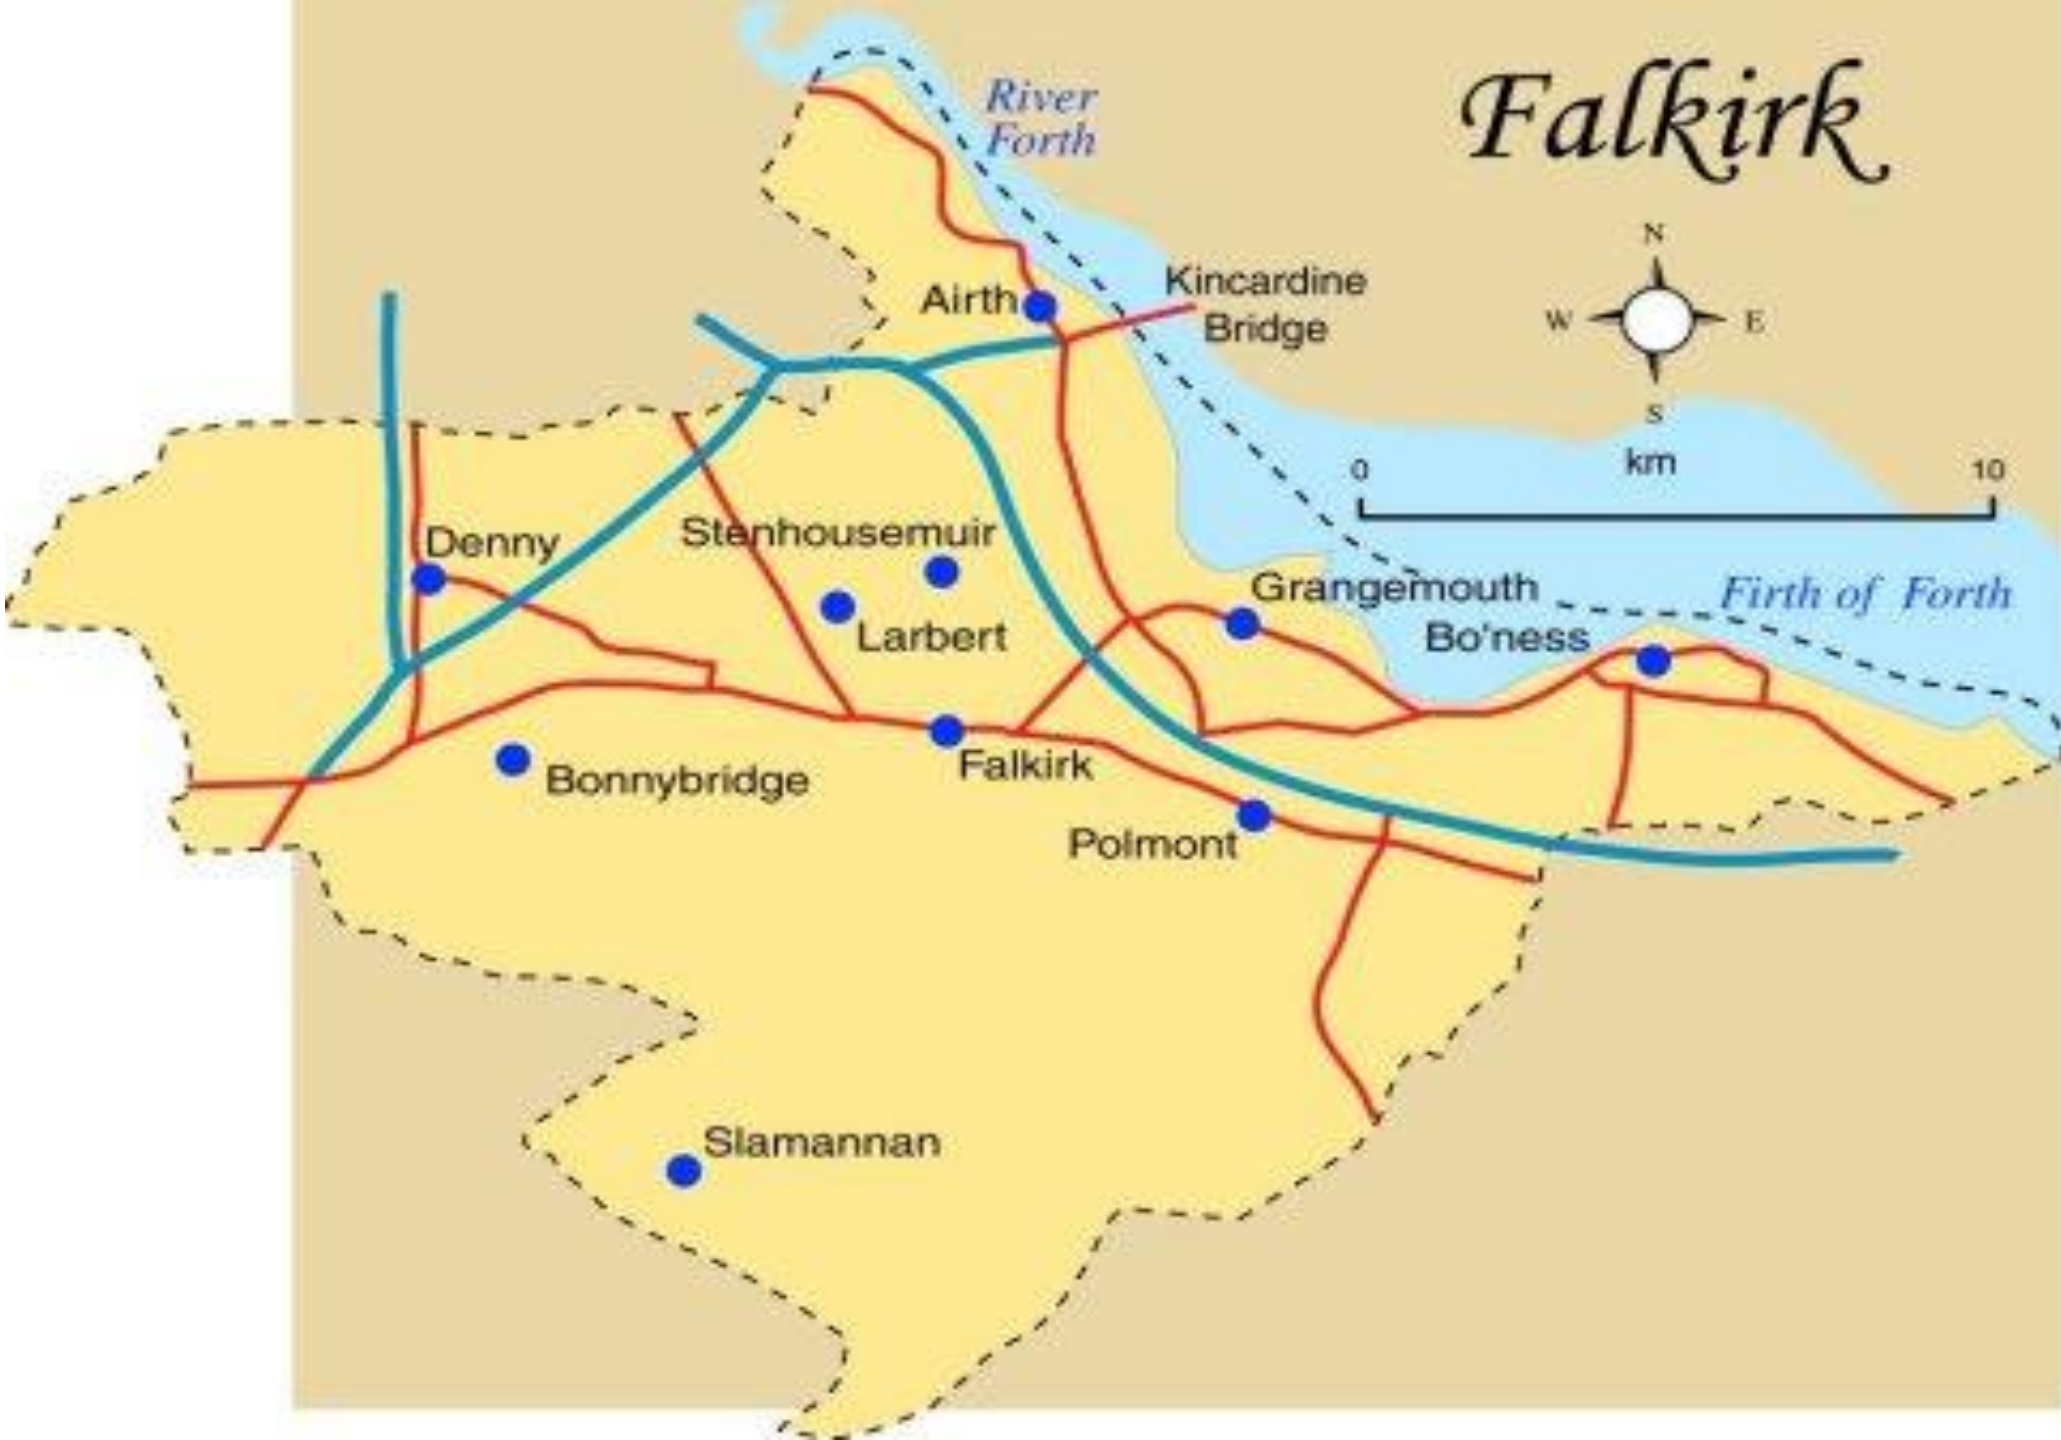

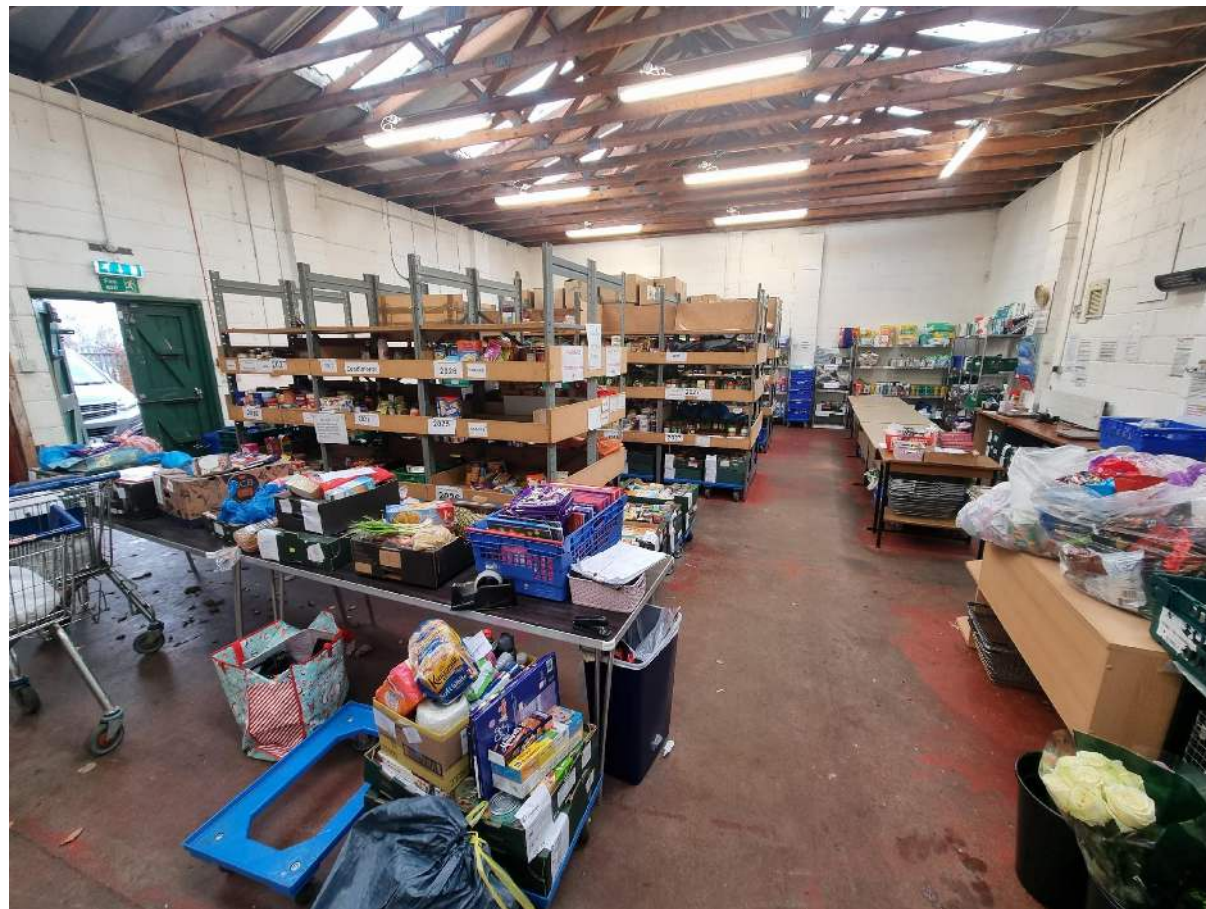

- **We provide 7 day food parcels**
- **Last year we delivered 7,000**
- **This is 147,000 emergency meals**
- **This is a 13% drop compared to the year before**
